

Creativity Kit

Want some fun, creative activities for the young people in your life?

Whether you are a parent looking for creative and engaging activities for your child, or an educator looking for resources for your classroom. EduMax is the place to go for drama games, English language learning fun, or activities to inspire sustainable thinking.

EduMax offers a range of free resources including playscripts and lesson plans, as well as affordable resources and pre-recorded video lessons to purchase.

Of course – nothing beats real life interaction, and as my super-power is inspiring and nurturing learners – you can also purchase class packages with me – Teacher Shannon!

WHO? WHERE? WHAT?

Who? – Choose a character (from a book/movie or create your own inspired by a hat or item of clothing). Explore how this character moves and talks.

Where? - Find or draw a picture of where this character lives.

What?– It's called acting so we need action! What happens to your character? What are they doing? Looking for treasure? Defeating a dragon (or a bully).

How – Put it all together in a short improvised scene. You can even film it and upload it to our private community playmax.mn.co

If you enjoyed this activity why not enroll in the *Who?Where?What?* taster class or the *Intro to Impro* course?

You can also find further Who? Where? What? ideas here (just cut and paste into your browser:

ALL ABOUT ME

This image is part of the EduMax EnglishMax series: All About Me.

Print out this image and have children draw or write all the things they can think of about themselves such as: favourite colour, food, animal etc.. (You can change the questions depending on the age and level of the learner).

Alternatively, you can draw around each learner's body to make a life-size image!

All About Me is a series of lesson resources for young learners or beginner ESL students, that asks the big questions -

Who am I?

Where do I live?

With lessons on family, home and community, the resources in this bundle include interactive game and craft ideas to inspire creative and critical thinking and build connections with the world around us..

All About Me is available to purchase as a resource for you to use at home or in the classroom, or why not engage Teacher Shannon to deliver these classes for you. You will not be disappointed!

Contact me at edumaxvision@gmail.com if you would like a downloadable file of this image or to book a class.

RUBBISH MONSTER

The 12th Sustainable Development Goal of the United Nations is; Ensure sustainable consumption and production patterns.

EduMax EcoMax aims to educate and inspire people to think about their consumption patterns and this is a fun activity to get your kids thinking and talking about waste.

I created this rubbish monster using trash I picked up where I live, as well as some polystyrene I had been saving from a large appliance purchase. You can organise a Clean-Up in your area or just save the materials you would normally throw away over the course of a few days.

Use this as a conversation starter about consumption . What do we really need to buy and are there more sustainable alternatives?

For more sustainability lesson plans and resources or to book a lesson - contact Teacher Shannon at EduMax today!

EduMax Vision

EduMax aims to connect young people across the globe by providing quality, affordable online lessons exploring creativity, sustainability, and the love of language.

EduMax – Sharing stories. Creating connections.

EduMax – Education for the heart, mind and community.

Come have some fun and share your creativity. Join the EduMax PlayMax community at playmax.mn.co

Share your favourite activity from this ebook on our Facebook page and I'll give you a 10% discount on your next purchase!
